INDEX OF AUTHORS AND SUBJECTS.

VOL. XLIV.

Accidents, Injuries, Foreign Bodies, Parasites, Reports on, 344, 602
Accommodation and Refraction, Reports on, 211
Advancement, (J. H. Claiborne) 448
Amaurotic Family Idiocy, (H. H. Tyson) 447
Anaphylaxis, Ocular and Local, (M. J. Schoenberg) 77
Anatomy, Embryology, and Malformations, Reports on, 102, 468, 681
Anophthalmos, Bilateral, (H. Jarecky) 554
Anterior Chamber, Cyst of, (W. T. H. Spicer) 81
Aphakia, Apparent Accommodation in, (E. T. Collins) 576
Argyrol, (A. Duane) 481
AXENFELD, T., "Die Etiologie des Trachoms" (Cause of Trachoma), Notice of, 360

Basedow's Disease, Tetany, and Acromegaly, Pathology and Treatment of, (Schoenborn) 421
BEDELL, A. J., Traumatic Pulsating Exophthalmos, with Bibliography, 139
BEDNARSKI, A., Decompression Operations in Diseases of the Optic Nerves, 53
Bell's Phenomenon, Pathology of, (E. Kraupa) 281
BISTIS, J., Clinical and Experimental Investigations on the Ætiology of Heterochromia, 433
Blepharochalasis, (L. Emerson), 449
Blindness, Need of Exact Definition of, Discussion on, 205
BLUE, R., Gram Negative Diplococci, Occurring in the Conjunctival Sac, 652
Book Reviews, 351, 604
BORDLEY, J. Malignant Uveitis, Treated with Thyroid Extract, 638
Brain, Degeneration of, with Macular Changes, (Batten and Mayou) 303
BROCK, W., Clinical Observations on Idiopathic Iridocyclitis and Sympathetic Ophthalmia, 64
BROSE, L. D., Ophthalmoplegia Interna, the Result of Lead Poisoning, 26
BRUECKEN, A. J., Fibro-Adenoma of Ciliary Body, 490
BURGE, W. E., and NEILL, A. J., Protection of the Normal Crystalline Lens against the Harmful Effect of Ultra-Violet Light, 498
BUTLER, T. HARRISON, The Present Position of Sclerotomy, with Especial Reference to the Danger from Late Infection, 611

Canaliculus, Papilloma of, (F. A. Juler) 564
Cataract, Artificial Paralysis of Eyelids Previous to Extraction of, 330; Glass Worker's, (B. Cridland) 302; Loss of Vitreous in the Intracapsular Operation for, and its Prevention, (W. A. Fisher), 18; Maturation of, (J. G. Clegg) 578; Medical Treatment of, 326; Report of One Hundred Successive Extractions of, in the Capsule, after Subluxation with the Cap-

Cataract (*Continued*)
sule Forceps, (A. Knapp) 1; Small Iridectomies in Lamellar, (A. Critchett), 204; Solution of, (W. B. I. Pollock) 579; Zonular, at Posterior Pole, (M. J. Schoenberg) 196
Chorio-Retinitis, Juxta Papillaris, (M. J. Schoenberg) 71
Choroid, Tuberculosis of, (W. B. Weidler), 295
Choroiditis Areolaris, (T. H. Curtin) 553
Choroiditis, Primary Pneumococcal Acute, (J. G. Clegg) 578
Ciliary Body, Fibro-Adenoma of, (A. J. Bruecken) 490
Ciliary Ganglion Anæsthesia, (H. S. Gradle) 270
Ciliary Glands, (W. C. Finnoff) 626
COATS, G., Discrete Lymphoid Infiltration of the Orbit, 221; Lymphoma and Lymphosarcoma of the Conjunctiva, 235
Cocain not Injured by Boiling, (J. E. Virden), 451
Conjunctiva, Lymphoma and Lymphosarcoma of the, (G. Coats), 235; Reports on the, 312, 582, 691
Conjunctivitis, Acute(Bacillus Tularense), (R. Sattler) 265
Conservation of Vision, (G. S. Derby and H. C. Greene) 186, 438
Copper Sulphate, (A. Duane) 483
Cornea, Degeneration of, (H. H. Tyson), 77; Spontaneous Rupture of, (N. B. Harman), 303; Zonular Opacity of the, (E. S. Thomson) 197; Zonular Opacity of, Soda Carbonate in, 197
Cornea and Sclera, Fissure of, Covered with Conjunctiva, (L. Emerson) 556; Reports on the, 317, 586, 693
CRIGLER, L. W., Epibulbar Sarcoma with Microscopic and Macroscopic Sections, 41

Dacryocystitis, Intranasal Treatment of, (W. D. Harmer) 560
Defective Vision, Education of Children with, (N. B. Harman) 455; Montessori System for, (L. Paton) 454
DERBY, G. S., and GREENE, H. C., Conservation of Vision, 186, 438
Diploccocci, Gram Negative, Occurring in the Conjunctival Sac, (R. Blue) 652
Divergence Paralysis, (E. M. Alger) 297
DUANE, A., Some Practical Points in Eye Work, 481

ELSCHNIG, A., Operative Treatment of Retinal Detachment, 163
Entropion, Congenital, (N. B. Harman) 80
Epithelioma of Eye, Cured by Radium Bromide, (E. T. Collins) 577
Evisceration, Technique of, (H. Gifford), 162
Exenteration *Versus* Enucleation, (H. S. Gradle), 29, 154, 270
Exophthalmos, Traumatic Pulsating, with Bibliography, (A. J. Bedell), 139
Eye, Dermoid Tumor of, (L. W. Crigler), 299; Voluntary Displacement of the, 310
Eye and Nose, Relations between, 86
Eyeball, Retraction of, on Abduction, (H. H. Tyson) 197
Eyelid, Double Chancre of the, (C. E. Finlay) 410
Eye Socket, Sarcoma of, (J. G. Clegg) 578
Eye Specimens, Method of Preserving Macroscopic, in their Natural Colors, (R. Greeff) 182

FINLAY, C. E., Double Chancre of the Eyelid, 410
FINNOFF, W. C., The Ciliary Glands, 626
FISHER, W. A., Loss of Vitreous in the Intracapsular Operation, and its Prevention, 18
Foreign Body, Intraocular, (M. J. Schoenberg) 77, 196; Removal of, from Eye, (G. H. Bell) 299; Removal of Intraocular, (R. G. Reese) 73
Fruit-Bat, Choroid of the, (G. Coats) 565

General and Experimental Pathology and Treatment, Reports on, 93, 463, 678
GIFFORD, H., Technique of Evisceration, 162
GILBERT, W., Ætiology and Pathology of Brawny Scleritis, 545
Glaucoma, Reports on, 333, 593
Glaucoma and Dystrophy of the Cornea, (J. G. Clegg) 577

GOLDENBURG, M., Anomalous Nerve Heads, with Good Vision, 246
GRADLE, H. S., Removal of the Eyeball; Exenteration *Versus* Enucleation; Ciliary Ganglion Anæsthesia, 29, 154, 270
Gram Technique, Simplified, 108
GREEFF, R. A., Method of Preserving Macroscopic Eye Specimens in their Natural Colors, 182
GREENE, H. C., Conservation of Vision, 186, 438
GROETHUYSEN, G., A Case of Cyclical Third Nerve Paralysis, 666

Hemianopsia, Bilateral Temporal, Thyroid Extract in, (Eason), 205
Hemianopsia, Bitemporal, New Method and Instruments for Detecting Slight Changes in, (C. B. Walker) 369
Heterochromia, Clinical and Experimental Investigations on the Ætiology of, (J. Bistis) 433
HIRSCHBERG, J., "England's Augenaerzte" (England's Oculists), 1800–1850, Notice of, 604
Hypophyseal Region, Cystic Tumor in the, (J. M. Wheeler) 195
Hysterical Amblyopia, Spasm, and Diplopia, (E. M. Alger) 200

Idiopathic Cyclitis and Sympathetic Ophthalmia, Clinical Observations on, (W. Brock) 64
Iodine Tincture as an Eye Injury, 97
Iris, Confluent Tubercle of, (H. L. Eason) 81
Iris and Pupils, Reports on the, 322, 590, 697

Jamestown Weed, Mydriasis from, (J. H. Claiborne) 556
JESS, A., "Die Sympathische Ophthalmie" (Sympathetic Ophthalmia), Notice of, 350

Keratitis, Caused by Infection with Bacillus Coli, (A. C. Macleish) 403; Interstitial, (J. R. Shannon) 446; Interstitialis, (W. B. Weidler) 198; Interstitialis, Salvarsan in, (C. H. May) 447; Tuberculosa, (W. B. Weidler) 556
Keratoplasty, Partially Successful, 319
KNAPP, A., A Primary Tumor of the Optic Nerve Successfully Removed, with Preservation of the Eyeball, by the Kroenlein Method, 660; Report of One Hundred Successive Extractions of Cataract in the Capsule, after Subluxation with the Capsule Forceps, 1
KRAUPA, E., The Pathology of Bell's Phenomenon, 281

Lacrimal Gland, Dislocation of, (T. H. Curtin) 553
Lacrimal Organs, Reports on the, 219, 479, 688
Lacrimal Sac, Congenital Fistula of the, (W. B. Weidler) 295; Plasmoma of the, (F. H. Verhoeff and G. S. Derby) 252
Lens, Reports on the, 324, 590, 698
Lenses, Punktal and Katral, (Poser) 452
Lid, Epithelioma of the, (L. Emerson) 445; Lymphangioma of, (W. H. Jessop) 81
Lids, Reports on the, 216, 477, 687
Literature, General Ophthalmological, Reports on, 83, 457

MACHECK, Operation for Ptosis, with Formation of a Fold in the Upper Lid, 539
MACLEISH, A. C., Keratitis Caused by Infection with Bacillus Coli, 403
Meningitis, Purulent, Following Penetration of an Eyeball by a Fishhook, (C. A. Veasey) 10
Methods of Research, Remedies, Instruments, and General Operative Technique, Reports on, 101, 467, 680
Mikulicz's Disease, (L. Paton) 204
Montessori System for Defectives, L. Paton), 454
Morgagnian Cataract, Capsular Opacities of, (Herbert) 579
Motor Apparatus of the Eye, Reports on the, 211, 474, 685
Mydriasis and Iridocycloplegia, (Rockliffe) 80

Neuralgia, Trigeminal, Treatment with Injections, 90
Neuritis, In Retrobulbar, Turn Face Downward, (C. Wray) 670
New York Academy, Reports of Transactions of Ophthalmological Section of the, 71, 194, 295, 445, 552

Nutrition and Intraocular Tension, Reports on, 106, 470, 682

Ophthalmic Practice, Points in, (A Duane) 481
Ophthalmology, Reports of Progress of, 83, 210, 305, 457, 580, 674
Ophthalmoplegia, Interna, from Lead Poisoning, (L. D. Brose) 26; Totalis, (G. H. Bell), 76; Unilateral Internal, (H. Thompson) 80;
Ophthalmoscope, An Electric, (C. H. May) 300; Electrical, (J. H. Claiborne) 451
Optic Nerve, Congenital Division of the, at the Base of the Skull, (C. N. Snead) 418; Decompression Operations in Diseases of the, (A. Bednarski) 53; Primary Tumor of the, Successfully Removed by the Kroenlein Method, with Preservation of the Eyeball, (A. Knapp) 660
Optic Nerve and Visual Tract, Reports on the, 343, 599
Optic Papilla, Anomalous, with Good Vision, (M. Goldenburg) 246
Orbit, Bony Tumors of the, (C. Wray) 559; Discrete Lymphoid Infiltration of the, (G. Coats) 221; Glioma of the, (A. Nettle), 194; Lymphangioma of, (G. Mackay) 564; Myxosarcoma of the, (J. E. Weeks) 554; Tumor of, (W. G. Reynolds) 447
Orbits, Exophthalmos, Accessory Sinuses, Reports on the, 305, 580, 689

Parsons, J. Herbert, "An Introduction to the Study of Color Vision," Notice of, 608
Peter, L. C., Form and Color Test-Object for Perimetric Work, 416
Perimetric Work, Form and Color Test-Object for, (L. C. Peter), 416
Periscope for Trenches, (P. Smith) 303
Pincus, F., A Case of Bilateral Acute Serous Tenonitis, 291
Pituitary Disease with Unusual Symptoms, (A. Knapp) 296
Posey, W. C., Some Unusual Changes in the Visual Fields, the Result of Vascular Lesions in the Brain and Optic Nerves, 507
Pregnancy, Retinitis of, (J. H. Fisher) 670
Ptosis, Operation for, with Formation of a Fold in the Upper Lid, (Macheck) 539

Radium in Ophthalmology, 577
Refraction and Accommodation, Reports on, 473, 684
Relations of Ophthalmic, to General Diseases, Including Poisons, Reports on, 83, 457, 674
Retina, Angio-Sarcoma of the, (C. H. Walker) 562; Bilateral Detachment of, during Pregnancy, (M. Cohen) 201; Detachment of, Cure by Multiple Scleral Puncture, (C. H. Walker) 562; Discussion on the Treatment of Detachment of the, 569; Operative Treatment of Detachment of the, (A. Elschnig) 163; Reports on the, 341, 598; Treatment of Detachment of, (J. Bruder) 552; Trephining for Detachment of, (T. H. Curtin) 199
Retina and Choroid, Pathological Anatomy of, after Cutting off of Blood Supply, (G. Komoto) 575
Retinitis Pigmentosa, Trephining in, (M. S. Mayou) 563
Retinitis Proliferans, (E. F. Krug) 194; (A. D. Mittendorf) 76
Royal Society of Medicine, Reports of the Transactions of the Ophthalmological Section of the, 80, 204, 302, 454, 670

Sarcoma, Epibulbar, with Microscopic and Macroscopic Sections, (L. W. Crigler) 41
Sattler, R., Acute (Bacillus Tularense) Conjunctivitis, 265
Schoenborn, Pathology and Treatment of Certain Cases of Internal Secretion (Basedow's Disease, Tetany, and Acromegaly), 421
Scleritis, Cause and Pathology of Brawny, (W. Gilbert) 545
Sclerostomy, Histological Findings after Successful, (F. H. Verhoeff) 129
Sclerotics, Case of Blue, (C. Hermann) 448
Sclerotomy, Present Position of, with Special Reference to Late Infection, (T. H. Butler) 611
Sense of Sight, Reports on the, 210, 471, 683

SNEAD, C. N., Congenital Division of the Optic Nerve at the Base of the Skull, 418
STARK, H. H., Report of Two Cases Showing the Effect of Syphilis on Eye Diseases, 49
Sympathetic Ophthalmia, Reports on, 340, 593
Syphilis, Effect of, on Injuries of the Eyes, (H. H. Stark) 49; Treatment of Ocular, 98; Treatment with Embarin, 90, 101
Syphilis of the Eye, Microscopic Anatomy of, (R. A. Greeves) 575
SZILY, A. V., "Die Anaphylaxis in der Augenheilkunde" (Anaphylaxis in Ophthalmology), Notice of, 353

Tenonitis, A Case of Acute Serous Bilateral, (E. Pincus) 291
Trachoma, Removal of Cartilage in, (J. H. Claiborne) 449; Treatment of, with CO Snow, 584
Trephining, Late Infection after, (W. G. Reynolds), 451
Tumor, Retrobulbar, Kroenlein Operation for, (O. Diem) 73
TYSON, H. H., and SCHOENBERG, M. J., Changes in the Blood and Aqueous in Wood Alcohol Inhalation, 275

Ultra-Violet Light, Protection of the Normal Crystalline Lens from the Harmful Effects of, (W. E. Burge and A. J. Neill) 498
United Kingdom, Reports of the Ophthalmological Society of the, 559
Uveitis, Malignant, Treated with Thyroid Extract, (J. Bordley) 638

VEASEY, C. A., Purulent Meningitis Following Penetration of an Eyeball by a Fishhook, 10
VERHOEFF, F. H., Histological Findings after Successful Sclerostomy, 129
VERHOEFF, F. H., and DERBY, G. S., Plasmoma of the Lacrimal Sac, 252
Vision, Its Economic Value and Conservation, (L. B. Witham) 523
Visual Fields, Changes in, from Vascular Lesions in the Brain and Optic Nerves, (W. C. Posey) 597
Vitreous, Prevention of Loss of, in Intracapsular Extraction, (W. A. Fisher) 18
Vitreous and Choroid, Reports on the, 331, 592

WALKER, C. B., A Contribution to the Study of Bitemporal Hemianopsia, with New Instruments and Methods of Detecting Slight Changes, 369; Observations on the Topical Diagnostic and Psychiatrical Value of the Wilbrand Test (Hemianoptic Prism Phenomenon) with a New Clinical Instrument, 109
War Injuries of the Eye, (A. W. Ormond), 560, 566
Wilbrand Test (Hemianoptic Prism Phenomenon,) Observations on Topical Diagnostic and Psychiatrical Value of the, with a New Instrument, (C. B. Walker) 109
WITHAM, L. B., Vision, its Economic Value and Conservation, 523
Wood Alcohol, Amblyopia from, (H. H. Tyson) 198; Changes in the Blood and Aqueous Humor in Inhalation of, (H. H. Tyson and M. J. Schoenberg) 275
Word Blindness, (E. M. Alger) 201

Xeroderma Pigmentosum, Eye Symptoms in, (F. R. Cross) 573
Xerosis Triangularis, (J. E. Weeks) 450
